

WCTU 2008-2009 READING REWARDS PROGRAM

Welcome to the 2008-2009 WCTU Reading Rewards Program. We've made some changes to the former "National Reading Course," and hope you will find the result is a more stimulating and educational program.

- While the eight categories remain the same, books and pamphlets within the categories will be presented somewhat differently: 1) New selections will be listed first in the category and designated in **bold print**. 2) Books still available through Signal Press will be listed with current prices.

- Category Six is re-titled, "History and Biography." A few titles have been moved to more appropriate categories. Some books will be listed with a new catalog number as we transition to a new system. When that occurs, the old catalog number will be listed in (parenthesis).

- Please note that some prices have changed. Book prices have increased substantially since some of these items were included in the program. However, you will also note that in some cases we have been able to reduce prices to ensure that our members receive good value. Price **increases** are **Bold Italic** – Price **decreases** are **Bold** (except new titles). Note that almost all pamphlets previously priced at \$2.25 are now **\$1.95**.

- Finally, an important change to the rules has been made: The deadline for redemption of Reading Reward Coupons (scrip) has been changed to **December 15, 2009**, as WCTU and Signal Press are closed the last two weeks of the year.

We hope you will continue to participate in the Reading Rewards Program and make it an important part of your Union's and your individual activity for the coming year.
